

**SECTION 4.01: Developer Responsibility**

The maintenance, repair or replacement of the Collection Sewer, Service Laterals and Building Laterals shall be the ultimate responsibility of the Developer until the system is accepted by the Authority.

**SECTION 4.02: Authority Responsibility**

The Authority will accept ownership and maintain the system as provided for in Construction Agreement.

**SECTION 4.03: Property Owner Responsibility**

Where properties are connected directly to the Authority's system, the maintenance, repair or replacement of a Building Sewer shall be the obligation of the Property Owner.
